Recommendations:

2017

US % by Year

2018

- Find out why bikes in 2019 were sold at a lower price (and why bikes became unprofitable starting in 2018). Consider a re-pricing strategy to increase profit margin. Also evaluate costing methods used (Accounting.)
- Do market research to explore ways to increase sales in US.

2019

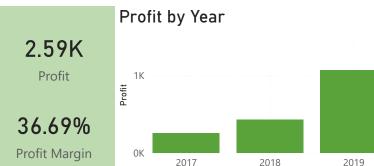

Profit and Revenue Year over Year decreased. Why?

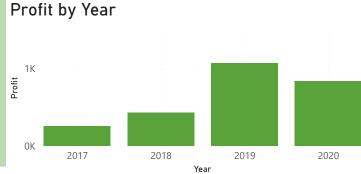

Bikes

Clothing

Components

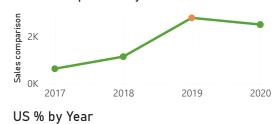

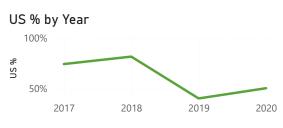

In 2019, more products were sold, but Sales did not increase proportionally.

(select categories)
